## Between Us

BY RUTH BEAVER

Dot Darby drove her grandmother out to Texas to visit Jewell Watson Baker, but little did Mrs. Watson think when she was planning her trip that she would appear on television before she came home. Each week in Houston they have a radio program that invites housewives to cook a meal before the television audience. After the meal is finished the person at the station is served the meal for their lunch. The most unusual dish prepared and one of Mrs. Watson's specialties was sweet potato biscuits. However, the whole meal consisted of the biscuits, baked chicken, rice and gravy and a vegetable. When you think that Mrs. Watson will be 77 in July, do you wonder that she was all excited over being chosen to appear on the program? They are having a wonderful visit, and Jewell's friends are not letting them have a dull moment. Marilyn Nevils is wearing a beautiful ring on that third finger, left hand. It is to be an early summer wedding for Marilyn, and already she is busy making plans and choosing clothes. Friday afternoon Statesboro will be proud to have the Pembroke Garden Club come over to our town and see the lovely yards. However, their main trip will be a visit to Georgia and Frank Williams' beautiful place out from town. This is certainly one of the show places in the area and they will be guests at a little informal party Cora is having for them. Sue Proctor cannot boast a garden at her place out from the city yet, but she certainly has one of the show places as far as the house is concerned. She and Frank finished their yellow brick home and moved in during the late fall, and it is one of the most attractive places built here recently. The home is across from the most attractive place built here recently. The home is across from the most attractive place built here recently.

## Any Monopoly Is Evil

A GROUP OF members of the Oregon legislature has introduced a bill which would make it unlawful for any workers because of membership in, affiliation with, or refusal to join any labor organization, or to require a worker to pay union dues as a condition of employment.

Thirteen states now have similar legislation on their books. It is significant that the legislation has been vigorously attacked in the courts—and its constitutionality has been upheld by the U. S. Supreme Court.

About the only massed opposition to such laws is found in the union high commands, which want workers to be forced to join and pay dues whether they want to or not. Their goal is a labor monopoly—which would be every bit as evil, both in practice and principle, as the financial and industrial monopolies that were outlawed long ago.

Every state should have a law which permits any worker to join any organization of his choosing—and which at the same time upholds his right not to join if that is his desire.

## When Prices Drop

NOT LONG AGO many of us wistfully envied the cattlemen. Prices were high, demand seemed limitless in spite of that, and tale after tale of fabulous profits came from the beef-producing regions.

Now the picture has undergone an almost incredible change. Steers that sold for as much as 40 cents a pound are going to market for as little as 20 cents. In case after case, heavy losses have replaced the big profits.

In its February 20th issue, U. S. News & World Report deals vividly with what happened. It explains the causes—the tremendous increase in our cattle population, the potent influence of weather, the speculative spree, and the dream of money gained which caused people who knew little or nothing about the cattle business to enter it as a sideline, the booming cattle auctions where producers sold to each other at ever-rising prices.

U. S. News emphasizes that this hasn't been a fatal blow—there is still money to be made in cattle, and over a period of time the losses will be paid off and recovery attained. There has been no big rub of cattlemen to Washington for government aid. At the end of the magazine says: "Most cattlemen are willing to concede that the big prices of the post-war years are probably gone for good. Many don't want to see such prices again. But almost all of them will agree with the Texas livestock man

who said that the spree, while it lasted, was 'one of the wildest, wooliest, crop-shootingest booms that ever was seen.'

So much for the facts. The moral seems to be that in a free, competitive economy that which goes up must eventually come down.

## TREES—TREES—TREES

I have a few very choice pecan trees left, Stevens and Money Makers. The season for planting pecans is about over. If you have ordered pecans or pines and have not been served please telephone me what you want. Trees are one of your most valuable assets. The most common objection to the new houses, there are no trees around it. Now is your opportunity to beautify your home or vacant lot with seven to eight-foot pecans, the prettiest shade tree in perfect shade in summer and sunshine in the winter, and a money crop on the side. We will continue to plant pine trees. We guarantee our pine trees to live or replace them.

JOSIAH ZETTEROWER.

Miss Jane Brown visited relatives in Statesboro last week end. Mrs. L. L. Lastinger and Miss Hilda Lanier spent the week end in Savannah.

Mrs. W. A. Brooks, of Atlanta, visited her sister, Mrs. John A. Robertson, last week.

Mrs. W. L. Iler and daughter, of Orangeburg, S. C., are visiting Mr. and Mrs. J. C. Carra. Dr. E. C. Watkins was in the Central of Georgia Hospital in Savannah last week for a few weeks.

Mr. and Mrs. Jake Ellis, of Philadelphia, Penn., are visiting relatives in this community for a few weeks. Mrs. Aquilla Warnock visited her son, James M. Warnock, and Mrs. Warnock in Washington, D. C., last week.

Mr. and Mrs. Daniel Morris announced the birth of a son on March 15th at the Bulloch County Hospital. He will be called Daniel Lawrence. Mrs. Morris will be remembered as Miss Lilla Mae Kirkland.

Among the students who returned to various colleges after spending the spring holidays at their homes here are Misses Leona Newman and Betty Harden, Georgia Teachers College; Avant Edenfield, University of Georgia; Athens; Duke Miller and Emerson Proctor, Abraham Baldwin, Tifton; and Julian Fardham, Brewton-Parker, Mt. Vernon.

It is with sincere appreciation that M/Sgt. and Mrs. Dean Hendrix and family, of Waynesboro, Va., and Mrs. H. F. Hendrix, of Brooklet, Ga., extend thanks to friends and relatives for their kindness and thoughtfulness in our recent bereavement.

PRIMITIVE BAPTIST  
REVIVAL TO BEGIN

Revival services at the Primitive Baptist church will begin Tuesday night, March 26, at 8:30 o'clock. Elder E. L. Miller, of Metter, will be the guest preacher. Services will be held each morning at 11 o'clock and each evening at 7:30 through Sunday.

RETURNS TO HOSPITAL  
F. W. Hughes, who was in a serious automobile accident in January, was carried back to Candler Hospital in Savannah last week for treatment. Mr. Hughes remained in the hospital for six weeks after the accident. He was brought to his home in heavy duty bed and after the necessary complications made it necessary for him to be hospitalized again.

## FUTURE HOME-MAKERS

PROMOTE FRIENDLINESS  
A few days ago a pronounced spirit of world friendliness was demonstrated by the Future Home-Makers of the Brooklet High School. Ernestine Newmirth, a member of the F.H.A., was thrilled over getting a letter from a boy in Norway thanking her for a nice Christmas gift. Ernestine, and other members of the F.H.A. organization sent a Christmas relief box to Norway in December. Ernestine pinned her name and address to her gift, hence the note of thanks.

The Norwegian boy in a most friendly manner expressed a desire to hear from his new friend in America again. Should such friendliness between children of different nations grow, there would be an ideal world of good feeling between nations.

## BEAUTIFICATION GROUP

HOLD GOOD MEETING

The Beautification Committee of the Champion Home Town contest held its first meeting in the community house Monday night. The following recommendations were made:

(1) Develop some suitable site as a public square; (2) development of "Streets of Trees"—dogwood, red-bud, red maple, live oak, mimosa, palm; (3) the owners of vacant lots be asked to clean up same and keep them free from junk, weeds, etc.; (4) the town remove unsightly sycamore stumps, and adopt some plan to keep the streets swept; (5) the town authorities give attention to the open ditches, with intent to install drainage pipes; (6) a community clean-up day be set for second Wednesday in the second month of each quarter and city-wide participation be urged; (7) the town give attention to parking lot areas from postoffice now used so haphazardly, and develop a system of parking there.

This committee will meet Thursday, March 26, to visit and study desirable sites for locating a public square or park in order that work

## MINISTERIAL ASSOCIATION

SPONSORS BLOOD PROGRAM

In a special called meeting of the Bulloch County Ministerial Association last Saturday the ministers voted unanimously to promote the blood donor program through the churches within the organization. Every church in Bulloch county is asked to lodge its membership next Sunday and to call Rev. George Lovell, phone 27, Statesboro, and report the number from that church who will be on hand at the Recreation Center April 2, to see if they can give blood. The ministers stated that this matter is a cause to the Christian conscience and every Christian should consider it an act of Christian love.

can be started on this project on Wednesday, April 1.

The Beautification Committee is very enthusiastic about the possibilities of beautifying Brooklet and the members urge every citizen of the community to join in this enthusiasm and become aware of the job to be done. They also ask that each of you resolve to co-operate in every way to accomplish the important task of "lifting Brooklet's face."

## YOUTH FELLOWSHIP

The Primitive Baptist Youth Fellowship of the Primitive church here will attend the district P.B.Y.F. conference in Augusta this week. Mrs. F. W. Hughes, Mrs. Felix Parrish and Shelton Mikell will accompany the group. They will leave Saturday morning and will attend the banquet in the educational building of the Augusta Primitive church. Sunday morning each group from various churches will render a fifteen-minute program. The Brooklet group will give a program in song and song on "Faith." The following members will attend: Gail McCormick, Beverly McCormick, James Clark, William Howell, Jackie Proctor, R. L. Akins, Henry Waters, Hilda Deal, Sarah Grace Lanier, Sara Helen Lanier, Paula Howard, Betty Howell, Billy Lanier and Janis Miller.

## GENERAL MEETING

A general meeting will be held with Upper Black Creek church on March 27-29. The following churches, consisting of the Lower Canoe Creek Association will be present: Metter, Lake, Upper Lotts Creek, Middleground, Statesboro, Lanier, Fellowship, Savannah and the host church, Upper Black Creek.

Ministers of the association are Elders J. Walter Hendricks, H. C. Stubbs, J. M. Cribbs, C. E. Sanders, R. L. Mitchell Jr., V. F. Agan, W. C. Chandler, H. H. Higginbotham, Henry Waters and Licentiate Ralph Riner.

The home preachers are urged to attend, and an invitation is extended to all visiting ministers. Services will be held each morning, afternoon and night. Lunch will be served at the church all three days. A cordial invitation is extended to everybody.

## No other light trucks have all this

YOU don't expect polo-pony agility from a truck in traffic—but the new GMC's have it.

You'd like to have passenger-car pace and economy on the highway—and you'll get it from the 1963 GMC's.

For there are two tremendous advances that step the new GMC's far ahead of all previous truck performance:

One: Dual-Range Hydra-Matic Drive\*—the fully automatic shift with 3 speeds for traffic, 4 for the open road — available on 19 models throughout the 1/2-, 3/4- and 1-ton capacity range.

Two: A new line of engines of progressive design, with compression ratios of 7.5 to 1 and 8.0 to 1—the highest of any gasoline truck engine ever built. Here's pile-driver power behind every piston stroke — flashing response and better mileage squeezed from regular fuel.

A number of chassis advances too, add to the extra-value features that make GMC's, point for point, the biggest dollar's worth in the light-truck field as well as in the heavier lines.

We confidently tell you—these great new GMC's will do your job better, easier, and at the lowest overall cost. They have stamina beyond their size, because they're "built like the big ones"—the heavy-duty GMC's that lead the world in sales.

That's saying a lot. But just come in—and we'll prove it.

UNION W. M. S. MEETS

The Union W. M. S. held its regular meeting Wednesday, March 18, at the church. The theme for the program this month was, "Where Catholicism Misses the Way." Mrs. C. M. NeSmith read the devotionals from the Book of Philipians, and also gave a brief talk on the importance of Christ in our lives. Mrs. Delmas Ruthing Jr. gave an interesting talk on the theme for the program, pointing out that the world's hope can be realized only through the open Bible and the Cross of Jesus Christ. Several hymns were sung during the program, which included "I Surrender All," "The Solid Rock," and "The Church's One Foundation." The program was closed with a prayer by Mrs. Elijah Akins.

At this meeting plans were made to put a new look on Union church. This was begun Friday night, when almost all the community turned out to paint the walls and trimmings of the church. Other plans of improvement have also been made and will be worked toward accomplishment in the near future. What an inspiration one gets for wanting to improve God's house! REPORTER.

## Farm Bureau Activities

(By BYRON DYER)

The Eola Farm Bureau increased its corn contest project for this year Tuesday night by adding Billy Mitchell, A. F. Cook and Floyd Strickland to the list. Francis W. Allen, Red Cross drive chairman for the county, asked the group to raise \$60 of the some \$6,000 county quota. Jim H. Futch, Eola president, assured Mr. Allen they would make a serious effort to procure donations to that amount.

Dr. Albert M. Deal, along with some of the nurses from the Bulloch County Hospital, urged the group to co-operate with the bloodmobile program and to help with the next visit here on April 2. Dr. Deal outlined some of the reasons why the blood is so precious and that the blood is more valuable than when obtained fresh by the hospital. The Red Cross has the facilities to test the blood in every detail and separate it into its three major parts so that doctors can ask for just the part needed for various patients. This program eliminates much of the waste that otherwise is necessary when fresh blood is used. He also gave a major reason for using the Red Cross, procured blood the fact that some parts of some blood are not protected from certain diseases, as well as some blood carries certain diseases that could be given to a patient when not checked by organization that is equipped to do the work.

Miss Hargrave and Dr. John Moore visited with the Farm Bureau at Nevils and Register, respectively, and outlined about the same needs as presented by Dr. Deal for co-operation with the Red Cross bloodmobile program here in the county.

J. E. Kelly, county PMA administrative officer, asked for those that are not going to plant their peanuts to return the quota to the county office so they could be redistributed among farmers that would grow them. He also warned the Nevills group Wednesday night that March 31 is the dead line for procuring federal crop insurance on tobacco. Peanut growers having their planting seed shelled by commercial plants will also need to procure a marketing card so the sheller can dispose of the seed. Mr. Kelly stated:

Robert F. Young, Nevils school principal, asked the Farm Bureau to help work out some system of keeping the school shop available to all those that wanted to use it. Hines Smith, the Nevils school principal, said they would try to work out some method whereby supplies could be loaned to the school shop. Mr. Smith asked Miss Maude White, Mrs. M. D. May and Mrs. Robert Cox to work out some plan for selecting the community queen and talent contestants for the April meeting.

Register voted to hold its pig show at their April meeting.

A. S. Hunnicutt asked that those using large amounts of fertilizer to "brown" it around their seed to insure better stands. Mr. Hunnicutt stated that when more than 600 pounds of fertilizer was applied per acre, part of it should be broadcasted. He expressed the belief that the factors contributing to larger yields of corn, peanuts and cotton were larger amounts of fertilizer than normally used, more plants per acre than normally used, and better control of insects. Use varieties that are known to be high producers, he pleaded.

IN MEMORIAM

In loving memory of our daughter MIRIAM ANDERSON, who died March 23, 1951.

What would we give to clasp her hand,

Her happy face to see—

To hear her voice and smile

That meant so much to us.

No one knows the silent heartaches,

Only those who have such can tell

Of the grief that is borne in silence

Of the one we loved so well.

From a world of grief and sorrow

To the land of peace and rest

God hath taken you, our darling,

Where there is everlasting rest

The moon and stars are shining

Beneath lies one we loved so dearly,

But when we could not rest

There we often sit and linger

At the place where you were laid,

And place sweet flowers

On our darling's grave.

Father, Mother and Sisters.

## Between Us.

BY RUTH BEAVER

In spite of the rains that have been pelted for several days, things seem to be along in the usual way. If we have planned an outdoor affair, very quickly plans are changed and the gathering takes place on the inside. Last week when the Pembroke Garden Club came to visit, the weather was just what was needed for the garden tour. The garden was perfect and the folks who came from there and the guests from here had a wonderful time just visiting and looking over the garden. The garden is a beautiful garden and the folks who came from there and the guests from here had a wonderful time just visiting and looking over the garden.

## MISS TILLMAN WEDS MR. DYER

In a beautiful and impressive candlelight ceremony taking place Thursday evening at 8 o'clock at the First Methodist Church, Statesboro, Miss Shirley Louise Tillman, daughter of Mr. and Mrs. J. J. Thompson, was united in marriage to Vaughn Dyer Jr., son of Mr. and Mrs. Vaughn Dyer Jr., of Chattanooga, Tenn. The Rev. John Lough, of Dubuque, Iowa, officiated.

Coal, for instance, has been and remains a primary source of energy. It provides the muscle power for a long list of diverse enterprises. It is 100 per cent essential to the production of the basic metal, steel, and it is responsible for most of our electric power. And in late years the scientists have found that it can be transformed into a potentially endless list of valuable products—chemicals, plastics, cosmetics, even drugs.

In the United States, men have been free to make maximum use of our natural resources. And competition guarantees that they will be used as efficiently as possible, and economically as possible—that, in other words, they will be intelligently conserved. To cite coal as an example once more, a ton of it is now made to produce far more energy than was the case in the past—and research is constantly making it produce still more. A free country—in terms of human values and material values alike.

Given in marriage by her brother, Grant Tillman Jr., the beautiful bride wore a lovely gown covered with tiny covered buttons, had an off-the-shoulder neckline with a high illusion collar and long sleeves pointed over the hands. Her hair was styled in a half-updo and she wore a half-circle veil of lace edged with seed pearls. She carried a cascade bouquet of white lilies and white orchids, and her jewelry was a half-moon of pearls centered with a diamond in the heart of a four-leaf clover. The bride was a pale yellow embroidered nylon net over tulle, having a fitted bodice and a full skirt. She wore a matching stole and carried a cascade bouquet of mixed spring flowers, including tulips and tulips.
